I had an outstanding experience with the Abroad Assist! Their efficiency in securing the offer letter was exceptional. I was amazed how fast I have gotten my offer letter in just 2 weeks time only! It was fast!

Now we are preparing for visa application and can't wait to get everything done for me to start studying in Germany.

I am grateful to the Abroad Assist for their exceptional service and personalized approach. If you're seeking efficiency, expertise, and genuine care, look no further. I highly recommend them for a truly remarkable study abroad experience!

I have known about Abroad Assist for several years and believe it is an excellent third-party service for applying to study in Germany. Ms. Laili helped me with my application, and Sean assisted with my departure, arrival (accommodation, health insurance, phone simcard and etc) in Germany, and visa process. They provide comprehensive support, you just need to cooperate and provide the necessary documents. Laili helped me secure my acceptance letter. Although you can apply independently, it can sometimes be a hassle. I had applied twice without success, but with Abroad Assist's help, I was accepted into my desired university. I am currently preparing to depart and obtain my visa, with Sean helping me gather all the necessary documents. Abroad Assist also helped book my visa appointments, which are challenging to secure. Overall, I highly recommend Abroad Assist to my friends who want to study abroad, especially in Germany. They truly live up to their name by assisting you throughout the process.

Based on experience, one of the most commendable aspects of AbroadAssist is their unwavering dedication to providing individualized guidance tailored to each student's unique aspirations and needs. Right from the initial consultation, their team took the time to understand my son's academic goals, interests, and preferences. This personalized approach enabled them to curate a customized roadmap, suggesting suitable universities, programs, and resources in Germany that perfectly aligned with his Master's aspirations in his field of study, ensuring a perfect match between his ambitions and the available opportunities. My son, Taufeq Ismadi has been offered to pursue his studies in Offenburg, in Biotechnology. Thank you AbroadAssist. Kudos!

Thanks to AbroadAssist, I'm here in Germany right now as I write this review because they made it possible to smoothly and affordably travel abroad for quality education even during the peak of the pandemic when it was the most difficult time to do so. They made the seemingly impossible possible. I can only recommend their professional services.

AbroadAssist has helped me tremendously on my Visa application and University Application as the procedures are quite tedious. They have given personal one-to-one guidance and been quite helpful in other aspects of living in Germany too! And the fares are reasonable and transparent. Would definitely recommend anyone planning to study abroad in Germany 🇩🇪

Excellent and reliable. The Bachelor Package is 🍕🍷. We only decided to send our son to Germany late June 2024- and he has left for Germany on 29 September 2024 to pursue the degree he could choose from the 3 offers he received. From uni applications to visa to accommodation, airport pick up to anmeldung and residence permit- all inclusive. They even helped with where to find halal food/grocery stores/nearby mosques etc. Highly recommended, indeed

The whole AbroadAssist team has been a massive help in my journey to pursue education in Germany. I'm going to Deggendorf Institute of Technology this winter for a bachelor in Artificial Intelligence and I could not have done it without them. They guided me every step of the way, with outstanding experience, kindness and patience and it has just been my greatest pleasure working with them. For anyone seeking options for higher education in Germany, Abroad Assist is one of the best options out there. Viel Erfolg!

Thank you AbroadAssist for helping me achieving my dream! I started my process probably on October 2023 - Nov 2023. AbroadAssist has been there throughout the way and they will support you in terms of applying to the university, settling all the Visa, house rental, blocked account and insurance processes. They even conduct a pre-departure briefing to explain all the important things that I need to do in Germany (with a booklet guidance plus a German Sim card as well) so that I don't feel lost in a new country.

Shout out to Ms. Laili, Sean, Riza and Michelle for your kind help always. Thank you for being supportive all the time. Ich bin glücklich :) Auf Wiedersehen!
